

Blue Team Set for Game With Cortland Freshmen

"Buck" Welch, Former Academy Star Is Coach of Hill School's Opponents Saturday Afternoon; Mehnert Out of Game

Minus the valuable presence of their diminutive quarterback and aggressive end, "Bob" Mehnert, Cortland Free Academy's footballers Saturday afternoon at Pyrex Park will stack up against Cortland Normal Freshmen outfit in the semi-final engagement of a most successful season.

Mehnert, at the stiff scrimmage Tuesday evening, suffered severe injuries to his shoulder and thus will not be on hand this week, but with plenty of rest and

care his fighting spirit should put him on his feet for Thanksgiving day. "Beau" Shay, predicted All-County tackle who was mugged up considerably during the Bath affray has not donned his uniform since, but his presence can be relied upon for opposition against "Buck" Welch's proteges.

Welch is a former Cortland Free Academy athlete and his many local friends remember only too well the "Jim Thorpe act" done by him against Glen Cove some years ago, when, from the very shadow of his own goal posts he ran some eight-five yards for a touchdown and victory.

Saturday is likely to see the fadeout of plays and formations used during past engagements and which served to run up three

wins, one tie and two losses out of six games played. This is not a certainty but if Crauner keeps with policies of past years these

strategic maneuvers will be unloaded to make way for specially prepared plays to be instituted and approved by Northside High School.

An accurate survey of mid-form weight shows that Captains Shay and Flaits have an average backfield weighing approximately 148 pounds and a line tipping the scales at 140, with which to combat an eleven which has defeated Binghamton High School and otherwise outweighted, outplayed and outclassed anything yet met.

It will be a decided out-weighted but not out-fought contest and whoever emerges victorious cannot say their march was an unobstructed one. Being the third home game played all Blue and White standard bearers are out to favorably impress their followers and give them a basis for comparison of relative merits between them and their foes across the river. It should prove an interesting battle from beginning to end with spectacular plays and runs in abundance.

These famous and future famous college men are brought here only as a "filler" and to demonstrate fully what the Hillsters can do when matched against above-par defense. Many a semi-pro team has succumbed before advances of ball such as Saturday's invaders display and to watch

them work smoothly with die-like precision is something that every enthusiast should be more than glad to do.

To Pay Golfers' Meet Expenses?

Associations Petition U. S. G. A. to Grant Permission to Pay Amateurs

NEW YORK, Nov. 4.—(P)—The problem of whether the district associations should be allowed to pay the expenses of Lesley cup golfers was one of the leading questions before the quarterly meeting of the United States Golf Association today. A petition from the Metropolitan, Massachusetts and Pennsylvania Associations, which engage annually in the Lesley cup series, request the national body to sanction their paying the traveling expenses of the players.

The attitude of the U. S. G. A. always has been that amateur golfers must pay their own way, with the Ryder cup matches as the only exception.
